BUILD UP YOUR CAREER- 2019

An orientation program on the recruitment of nurses to UK for BSc nursing final year students was conducted on 26 Feb 2019, by Mr. Joykutty and Mr. Amal from ISDC organized by Amala college of nursing in collaboration with ISDC. The program co-coordinator of ISDC explained the process of migration of nurses to the UK. The migration process includes requirements of Qualified certificates for nurses, IELTS 7.0 band /OET test passed, CBT test passed, and OSCE should be passed after reaching the UK. There is an increased chance for nurses in the UK as there is an increased job vacancy for nurses, around 45,000. The fresher who passed out recently can also apply for UK migration. In the first step, the students who are interested to apply are given an orientation program by ISDC professionals. Next, the students with their parents are given counseling. In this step they give the complete process details regarding the training and they can ensure their transparency.

The entire program is 3 months. After completing the BSc nursing course the interested students can approach the ISDC center. They conduct an interview and select the eligible and interested students and they give training for IELTS, OET, CBT and OSCE for 3 months. The programme cost nearly 1.5 lakh and they have guaranteed to refund the entire amount after the students successfully completed the course and work as a registered nurse in the UK.

After passing CBT, IELTS / OET are provided with opportunity to have interviews with 5 hospitals. Then the students can select the most appropriate hospital. They will arrange the VISA and flight ticket after passing all the exams. After reaching there, students have to pass the OSCE exam within 3 months. Students are given 3 chances to pass the OSCE exam after passing OSCE examination students can work as a registered nurse and enjoy the international living standards.

15. Where the Collaboration reasonably requires the use by one party of intellectual property that is owned by the other party (the "IPR Owner"), the IPR Owner will licence such rights to the other party on a non-exclusive basis, without the right to sub-licence, solely for the purpose and to the extent necessary in connection with the Collaboration. Any such licence will automatically terminate when the MoU is terminated.

16. For the purposes of this MoU, "**Confidential Information**" shall be all information of a confidential nature (whether written or oral) concerning the business and affairs of either party which is obtained or received as a result of the discussions leading up to, the entering into or the performance of this MoU, including financial information, training & learning material, trade secrets, College lists, trade and commercial details and computer software and databases, the contents of all reports and documentation prepared by either party or on its behalf and any other information of a confidential nature designated by a party as confidential;

Each of the parties shall at all times while this MoU remains in force and after it has terminated, keep confidential the Confidential Information except where:

- The Confidential Information was already lawfully known, or became lawfully known to either of the parties independently;
- Disclosure or use is necessary by either of the parties (including their employees, agents and sub-contractors) for the proper and effective performance of this MoU;
- Disclosure is required by law to any government, governmental department, agency, regulatory or fiscal body or authority (whether national or foreign) and their authorized agents (including professional advisers);
- The Confidential Information is disclosed, in the case of ISDC, to another member of the ISDC group of companies;
- Each party undertakes to the other that it will not disclose or make use of, for its own benefit, any of the Confidential Information of that other party.
